# Correction: Knowledge and attitude of spouses of puerperas towards breastfeeding

Zhan-Wang Yuan<sup>1†</sup>, Li Ma<sup>1†</sup>, Yu-Ling Chen<sup>2\*</sup>, Wen-Li Ge<sup>3</sup>, Hong Zhao<sup>4</sup>, Yun Du<sup>4</sup> and Xiu-Xiu Li<sup>5</sup>

**Correction:** *BMC Women's Health* (2024) 24:289  
<https://doi.org/10.1186/s12905-024-03116-w>

Following publication of the original article [1], the author noticed couple of errors and typos in the published version,

The authors observed that in-text reference citations lack ending punctuation. To ensure proper citation formatting, end periods to the end of each in-text citation added (“Zhao et al. [32].” in Status and sources of knowledge on breastfeeding, “Han et al. [34]. and lkay et al. [35].” in Spouses’ attitude towards infant feeding under the Discussion section).

For clarity the author would like to add a sentence “The results of this study are basically consistent with the above research results” after (58.60±7.60) and change the

word “puerariums” to “primiparas” in Spouses’ attitude towards infant feeding under the Discussion section. In reference list, the reference 21 should read as “DeMontigny F, Gervais C, Larivière-Bastien D, St-Arneault K. The role of fathers during breastfeeding. *Midwifery*. 2018;58:6–12. <https://doi.org/10.1016/j.midw.2017.12.001>” instead of “deMontigny F, Gervais C, Larivière-Bastien D, St-Arneault K. The role of fathers during breastfeeding. *Midwifery*. 2018;58:6–12. <https://doi.org/10.1016/j.midw.2017.12.001>”.

The original article has been corrected.

Published online: 17 July 2024
